

RATIONAL

Brand Guidelines

Version 1.0

1. Brand Overview

Brand Name: Rational Equity and Asset Managers

Core Identity: Strategic. Disciplined. Intelligent. Timeless.

RATIONAL represents clarity of thought, structured decision-making, and intellectual confidence. The brand aesthetic combines classical authority (Garamond) with modern clarity (Avenir), reflecting strategic depth with contemporary execution.

The chess knight and rook symbolise:

- Strategy
 - Structure
 - Foresight
 - Measured power
-

2. Logo System

2.1 Primary Logo (Horizontal)

Use the horizontal logo (icon + RATIONAL wordmark) as the default logo for:

- Website headers
- Email signatures
- Presentations
- Marketing materials

Clear Space

Maintain clear space equal to the height of the rook base around all sides of the logo.

Minimum Size

- Digital: Minimum width 200px
- Print: Minimum width 40mm

2.2 Secondary Logo (Icon Only)

The chess icon (knight + rook in square) may be used:

- As favicon
- Social profile images
- Watermarks
- Subtle brand marks

Never stretch or distort.

2.3 Logo Misuse

Do NOT:

- Stretch or compress
 - Change font
 - Add drop shadows
 - Change colours
 - Place on clashing backgrounds
 - Add effects or gradients
-

3. Colour Palette

Based on your attached brand colours:

Primary Colours

Deep Red

Used for emphasis, key sections, calls to action.

Hex: **#9B0000** (approximation based on provided block)

RGB: 155, 0, 0

Psychology:

- Authority
- Conviction

- Strength
 - Strategic aggression
-

Stone / Off-White

Used for background sections.

Hex: **#E3DFDB** (approximation)

RGB: 227, 223, 219

Psychology:

- Calm
 - Neutral
 - Clean
 - Structured
-

Charcoal / Dark Grey (from logo)

Used for typography and icon.

Hex: **#3A3A3A** (approximation)

RGB: 58, 58, 58

Colour Usage Rules

- 60% Light neutral background
- 30% Dark text / structure
- 10% Red accent

Avoid using red as a full background for long text blocks.

4. Typography

4.1 Logo Typeface

Garamond

Usage:

- Logo wordmark only

- Large editorial-style headings if desired

Tone:

- Traditional
- Intellectual
- Authoritative

4.2 Primary Body Typeface

Avenir (Preferred)

Use for:

- Website body text
- UI elements
- Navigation
- Buttons
- Subheadings

Fallback fonts (if Avenir unavailable):

- Montserrat
- Lato
- Helvetica Neue
- Arial (last fallback)

Typography Hierarchy

H1 (Hero Titles)

Garamond

Large, spaced slightly

Elegant and confident

H2

Avenir Medium

Uppercase optional

Body Text

Avenir Regular
Clean, readable
Line spacing: 1.4–1.6

Buttons

Avenir Medium / Bold
All caps or small caps acceptable

5. Brand Tone & Voice

RATIONAL communicates with:

- Precision
- Authority
- Clarity
- Calm confidence
- No hype
- No fluff

Avoid:

- Overly promotional language
- Buzzwords
- Emotional exaggeration

Language should feel:
Measured. Strategic. Intelligent.

6. Visual Style Direction

Imagery

Use:

- Minimalist layouts
- Neutral backgrounds
- Clean whitespace
- Structured grid layouts

- Subtle contrast

Avoid:

- Bright colours
 - Clutter
 - Overly modern “tech startup” look
 - Playful design elements
-
